

## New Environmental Event Seeks Cultural Vendors

*Opportunity offered at no cost in 2019*

Terrebonne Economic Development Foundation (TEDFO) is hosting its inaugural HT Sports event, the Louisiana Run for the Wetlands, April 7 in Montegut, La. It's a 5K, 10K, half-marathon and a bird-watching stroll along the levees where participants can experience wetlands that comprise one of two most-rapidly eroding estuaries/ecosystems on the earth and learn about initiatives being undertaken to manage water, preserve and restore the wetlands, and protect the species which call it home.

TEDFO is offering cultural vendors the opportunity to showcase their goods at the event, too. Locally-created cultural arts and crafts for sale must be culturally tied to Terrebonne Parish to be eligible for this opportunity at no cost to the organization.

Vendors are responsible for their own tables, displays and setups at the site, which will be at the Recreation District 6 Center in Montegut, La; gates open at 7 a.m. To participate, please complete this form and return it to [ktheriot@tpeda.org](mailto:ktheriot@tpeda.org) or deliver to TEDA, 8026 Main St. Suite 701, Government Tower, in Houma. Deadline for vendors to sign up is March 27, 2019; please note vendors are responsible for collecting and reporting sales taxes.
